## **MANAGEMENT POLICY**

National Seeds Corporation (NSC) is committed to preserve clean and green environment and contribute to the prosperity of farmers by supplying seeds, agro-inputs and other related services ensuring commitment to QMS & EMS and continual improvement in systems and processes.

This will be achieved through-

- Proactive, customer sensitive & responsive approach.
- Technological up-gradation, knowledge sharing, competency enhancement and maintaining a conducive work culture.
- Safe and environmentally sound practices in operation and maintenance of seed processing plant.
- Efficient utilization and conservation of natural resources like electricity, water and fuels.
- Comply with relevant Legal & Environmental rules and regulations.
- Prevention of pollution and environmental degradation in accordance with prevailing international/national standards.
- Continual improvement in environmental performance.

A handwritten signature in black ink, appearing to read 'Brodhuz', is written over the printed name.
